SINGAPORE

ABOUT NED 2026

IES warmly invites government agencies, academia, engineering organisations, and industry experts to join us in inspiring and empowering students through the wonders of engineering and groundbreaking innovations.

This year's key focus areas include:

- Energy (e.g. fossil fuels, renewable energy, electric vehicles)
- Space and Technology
- Water Security and Food Supply Chain
- Digital Transformation
- Enablers for Healthcare and Ageing Population

Your generous support will play a vital role in building a strong engineering core that is essential in driving Singapore's future economic transformation.

As a token of appreciation, we are pleased to offer branding opportunities that showcase your organisation's innovations and achievements. These initiatives will help enhance your visibility across educational institutions and the wider engineering community.
